

# DON'T WORRY IF YOU MISSED IT !!!

On Thursday evening, the 25th of September, we were the auspicious guests at the Grand Opening Event of "Art & Salads by Design", hosted by Vincent Byrnes and Ginger Coopersmith. We met Vincent last year when he opened the doors to **Art & Design** at 2724 E. Commercial Blvd. and we met Ginger shortly after when she came aboard with Millennium Design Group as the in-house designer. The collaboration of their unique talents and their intense script for success brought about the idea to incorporate a salad and desserts bistro right there in their art gallery.

We got there at 6:00 and the party was already swinging. Then they introduced the awesome flamenco guitarist and dancer, which brought the party level up several notches. The cuisine consisted of sushi and three of their artist inspired signature salads "chopped" with Ginger's original dressings. The wines and Champagnes were flowing and the evening was capped off gastronomically with the most delectable exotic desserts with Vincent's special artistic touch. All that plus this gallery filled with exquisite original paintings and sculptures in a high-end, high-tech media environment.

The "**Art & Salads By Design**" concept is that you can design your salad from an incredible list of accompaniments and while anticipating it's arrival, peruse the gallery, watch and listen to concerts on the plasma televisions and meet and greet with the staff and their loyal customers. What a fun place to go! Now we know what everybody's been wowing about.

We had a blast and stayed until way after it was supposed to end. What a great place for a light fare lunch or dinner or even for coffee and dessert at the end of the evening. They told us that they are planning on hosting Friday happy hours and are extending the hours of from 10:00 a.m. until 9:00 p.m. Tuesday through Saturday.

**Art & Salads By Design** should definitely be on your short list for a fun evening with loads of artistic ambiance. Thanks guys for a wonderful evening and a great place to hang.

Your Friends at Flavor
