Laser Hair Re-Growth Treatments

New Cool-Laser Technology

FDA approved for hair rejuvenation
 Applied through FDA compliant equipment
 Safe, painless and effective
 Separate treatment plans for men and women

Neeta Mitroo, MD Board Certified in Anesthesiology & Bariatric Medicine combines the cool laser technology with Meso-intraderma-therapy to re-grow hair, even in "shiny bald" condition

No downtime, no ugly scars to hide and natural looking hair growth. Far less expensive than hair transplants

Call for our introductory \$500.00 off packages!
